RE: Amended Aug Monthly - Year End 2006

Dear Ms. Benitz:

We are in receipt of your letters regarding the aforementioned reports.

We have amended the reports to reflect the correct year to date totals for Lines 21 a (i) , 21 a (ii) and 32. Additionally, please be advised that we have also amended the reports from the February Monthly 2006 through Year End 2006. These changes are the result of relocated expenditures from Schedule B and Schedule H4 and the year to date totals correspond respectively.

Please be advised the H1 Schedule now reflects the correct ballot ratio percentage and the subsequent disbursements on Schedule H4 as well, 15% federal - 85% Nonfederal.

In regard to your letter regarding the Amended Year End report received by the commission on 4/2/7, for the \$15,000 transfer, in review of our records this was inadvertently reported. This was a transfer between our federal accounts, not our nonfederal to federal as reported. We have removed this from this report accordingly.

At this time our committee believes to be in compliance.

Sincerely,

Oregon Republican Party
